Description

Video Tour shot July 9, 2026 linked within this listing! This three-owner Pursuit 345 Offshore 2014 is in great condition! This Pursuit Express has upgraded Garmin electronics (2018) including twin displays, open array radar, autopilot with wireless remote, one new outboard in 2023 with an estimated 100 hours, new mid-shafts on the other in 2025, and has all the features one would expect in a Pursuit of this class including generator with 278 hrs, new enclosure in 2021, cockpit cover, separate air conditioning/reverse heat for below and at the helm, outriggers, and all the flip-down seating in the cockpit making it fully capable of serious fishing and also fun family days heading to the beach and dockside restaurants.

COCKPIT

- Transom fold away bench seat,

-
- Cockpit bolsters,
 - 45 gallon livewell,
 - 16 rod holders,
 - Kenyon grill (used once),
 - Fresh water bait prep and storage console,
 - Slide away rear facing bench seat,

- Lewmar windlass (with remote at bow),
- Spotlight,
- Electric window opening,
- Boarding ladder port transom,
- Rupp Top Gun outriggers,
- Under water lights,
- 50 Amp shore power 50' cord,
- 40 Amp and 20 Amp battery charger,
- All batteries replaced since April 2021.

ENGINES

Yamaha F350 engines information: ECU replaced in August of 2016 at 65 hours. Flywheels were serviced in September 2021 at 417 hours. Both trim assemblies were replaced in May 2021. Port Outboard replaced in 2023 with an estimated 100 hours, and the original 2014 starboard with an estimated 650 hours just had a brand new mid-shaft assembly installed 2025

When tasked with designing a replacement model for the 335 Offshore - the best selling model in Pursuit's history - our engineers had a tall order to fill. Fortunately, our staff is full of over-achievers and the OS 345 was born. Slightly longer and wider than her predecessor, this model features an expansive cockpit for fish fighting and a large cabin for cruising and overnighting in comfort.

The OS 345's hull has been specifically designed for twin Yamaha 350 hp 4-stroke engines, which provide optimal performance with minimal horsepower. Standard bow thrusters will give any captain the confidence to dock in close quarters, wind or strong currents. The express design includes an open helm with optional bridge deck cooling with air conditioning and an aft canvas enclosure so you can escape the elements without escaping the view. This layout also affords quick access from the helm to the cockpit when you have more screaming reels than anglers. The cockpit includes ample seating and an electric grill for entertaining and a host of fishing features including a recirculating livewell, a comprehensive rigging station with locking tackle drawers, insulated fish boxes and enough elbow room that you're not running into each other.

In the cabin, we've developed an innovative circular seating arrangement forward for dining and socializing. The mid-cabin berth includes a comfortable settee. The head compartment includes a separate area for showering to minimize clean up after a nice hot shower. The galley features stainless steel appliances and Corian countertops like those found in fine custom homes - that's appropriate since you'll probably want to live aboard the OS 345.
