Description

Video tour of this boat linked within this listing. This 2022 Blackfin 272 CC includes a triple axle trailer. The boat looks nearly new because it has only been lightly used with only 69 hours on the original pair of Verado 300s. Electronics include a pair of Garmin 12" displays, radar, fishfinder, VHF, compass, and a killer Fusion Apollo stereo system that includes two subs as well as the other speakers throughout the boat. Other features include: Electric windlass with stainless anchor; An awning to provide shade over the forward seating area; Canvas padded Mercury covers to protect the outboards' cowlings from the sun; Electric marine head with holding tank; Shore power inlet, cord & battery charger; All the other equipment typically found on this model, as well as docklines, fenders, and required safety gear to go boating right away. Dock slip for balance of 2026 can transfer to the new owner with marina's permission, or simply hook the trailer up to your

big truck and take it away. This boat is turn-key!
