Description

2024 Beneteau Oceanis 34.1 – “XANADU”

OUR TRADE!

This beautifully equipped **2024 Oceanis 34.1**, was designed to deliver the perfect balance of performance, comfort, and style. This **three-cabin, one-head** model offers impressive features including **air conditioning**, **Code Zero sail**, **bow thruster**, and much more—making her ready for both effortless cruising and spirited sailing.

Sleeker, lighter, and more powerful than her predecessor, the Oceanis 34.1 redefines excellence in the 35-foot range. With increased sail area and a refined hull form by renowned naval architect **Marc Lombard**, she

combines agile performance with remarkable stability. The redesigned bow adds generous volume to the **owner's forward cabin**, providing unmatched comfort and space below deck.

The interior and deck layouts, crafted in collaboration with **Nauta Design**, showcase a thoughtful use of light, space, and functionality. Every detail—from the modern galley to the expansive cockpit—reflects an exceptional level of craftsmanship and innovation.

XANADU truly embodies the next generation of cruising yachts: a stunning blend of **style, spirit, and sophistication**.

The original owner lightly used the boat for day sailing before deciding to move to the Beneteau Antares power boat line! She shows as new.
