ALL WARRANTIES TO BEGIN AT PURCHASE

The stunning 2024 True North 34 Outboard Express, a remarkable Downeast vessel that combines modern design with exceptional performance. With an overall length of 39 feet, this new boat features a sleek fiberglass hull designed for planing, ensuring a smooth and efficient ride on the water. Powered by two robust 300 hp outboard engines, the True North 34 delivers impressive speed and agility, making it perfect

for both leisurely cruising and adventurous outings. The thoughtful design includes ample space for comfortable seating, allowing you to enjoy time with family and friends on the open water. This vessel is equipped with advanced features, enhancing your boating experience. The True North 34 Outboard Express is not just a boat; it's a gateway to unforgettable memories on the water, offering a perfect blend of style, performance, and functionality for any boating enthusiast.

Manufacturer Provided Description

This go-anywhere boat combines the timeless good looks, outstanding all-weather performance, spacious interior, and impeccable reputation that all True North boats are known for with the efficiency, speed, maneuverability, and shallow draft that twin 300 horsepower outboard motors provide. The accommodations plan is designed for adventurous people who want to experience nature – comfortably. The main living spaces (including galley) are all on one level, and connect seamlessly to the spacious cockpit in the stern. Warm and dry when it's rough, open and airy when it's not – you'll always have an intimate connection to your surroundings. Add in your adventure options, and there's no weekend you can't conquer. The Outboard Express performs exceptionally well on flat water in fair weather. But its unique ability to handle rough weather and stormy sea conditions is one of the many elements that sets this boat apart. The sharp, plumb bow slices through the waves instead of pounding on top of them when the seas build. The hull's balanced displacement and flatter aft sections deliver a rock-solid ride in virtually all weather conditions. And since the hull design is inspired by boats that work all year long in all sorts of conditions, we can almost guarantee you won't miss a day on the water (or be stranded in port) when the weather takes a turn for the worst. The True North 34 Outboard Express is built by highly experienced craftsmen in Largo, Florida, and is the brainchild of boat builders who have a distinguished record of helping to create some of the most successful powerboats and sailboats of the last 25 years. The combined boat-building experience of the True North team is measured in hundreds of years and you can see the quality that only that kind of experience can produce in every boat we build. And we take requests! Some of our adventure options were ideas that our owners brought to us. If you find a new toy or a new way to stow a piece of gear, we'll engineer a solution that will make it easier to use.
