

2026 Beneteau Antares 9

Norwalk, CT

\$368,555

YEAR	LENGTH	ENGINES	POWER
2026	27 ft	2	500 HP

Description

The **Antares 9** is a sleek modern boat reimagined with innovations and enhancements taken from larger models. Built for fun-filled weekends on the water, **this new version** offers even more ways to enjoy the sea. It is easier to move around and handle, and even better in good company whether you're anchored or cruising.

The new Antares 9 is a delicate balance between **performance and safety**, and exterior space and interior volume. Every detail has been designed **to make movement easier and provide seamless access to the sea**, making trips to sea even more relaxing and enjoyable. **The new Antares 9 is all about family cruising and water sports with friends, embodying versatility, comfort, and elegance.**

Exterior Design

The new Antares 9 has **an elegant profile** and boasts **sleek, powerful lines**, enhanced by a silver rubbing strake and long hull windows. The wheelhouse arch, a real hallmark of the line, forms a slightly

broken curve. It joins the extensive coachroof which protects the generously sized aft cockpit (1.7 m by 2.4 m). By adding an extra seat, the L-shaped bench seat can be converted into a U-shaped saloon area, the ideal layout for a large number of guests. This modular saloon can be easily converted into a sunbathing area when you want to relax and sunbathe.

Interior Design

The new Antares 9 is **perfectly suited to cruising with family or friends**, offering its passengers a **remarkable quality of life on board**. Surrounded by large windows, the interior lounge is bathed in light. The modern galley is fitted with an 80-litre fridge, two electric rings or hobs, an optional microwave oven and plenty of storage space.

The forward owner's cabin promises cozy nights at sea. With its queen-size bed, lacquered furniture, mood lighting, padded bed head, and spacious hanging locker, it delivers an **exceptional level of comfort and elegance** rarely found on boats this size. The equally comfortable guest cabin can accommodate two passengers, while the saloon can be converted to provide two additional berths.
