Contact Prestige Yacht Sales.

For nearly 50 years, every First has been created with a singular ambition: to offer a place where the sailor's own heartbeat falls into the rhythm of the wind and the waves. As the largest First ever built, the FIRST 60 is designed for sailors who seek those rare moments—those who value intensity, precision at the helm, and the satisfaction of fine-tuning every detail. Crafted with them and for them, the FIRST 60 unites performance, elegance, and simplicity, made to let its crew savour joy, second after second, underway. The first thing you notice when approaching the FIRST 60 is her sleek profile, perfectly balancing the artistry and engineering

behind this sophisticated machine.

Everything has been pared back to the essentials, leaving only the elegant, timeless lines of Lorenzo Argento.

As you draw closer, the simple yet highly refined sailing systems reveal themselves—components that allow the owner to interact with the yacht seamlessly and with precision. For those aboard who wish to enjoy nature and good company, the cockpit provides dedicated, comfortable spaces to fully savor the experience. The interior of the FIRST 60 offers a spacious, refined layout, with every detail designed to enhance the pleasure of life at sea. Below deck, a cosy dining area faces the owner's corner, complete with a generous navigation table and sofa. The full-beam galley, with its elongated worktop and integrated storage, ensures effortless efficiency under sail. A standout feature is the owner's cabin, which boasts a large walk-around, forward-facing bed, abundant natural light, and calming views of the sea.
